

FIRST BAPTIST CHURCH OF SCOTTSDALE

Scottsdale, Arizona

Client:

First Baptist Church of Scottsdale

Campus Size:

5.94 Acres

Project Size:

25,000 SF

Worship Center:

554 Seats

The 25,000 SF renovation and redevelopment of the existing 6-acre campus, First Baptist Church of Scottsdale, create a friendly and inviting environment. Existing facilities were improved, while older, out-of-date buildings were replaced with larger ones to better accommodate the programmatic needs of the church.

The long-range plan replaces all existing buildings except for the sanctuary and chapel. Phase 1 improved the existing facilities by remodeling the existing worship center, adding a new adult classroom and rehearsal area. A new 2,217 SF café along the campus edge provides a comfortable "third place" while connecting the church to its surrounding community.
